Workshop "Linguistic Structure and Language Processing"
10th year anniversary of the Fondazione Marica De Vincenzi Onlus

Palazzo della Società Dante Alighieri, Piazza Firenze, Rome

June 8th

9.30-9.45 Welcome

Session Chair: L. Frazier

9.45-10.10	M.T. Guasti

"Double literacy and language development"

10.10-10.35	C. Contemori

"Bilinguals' referential choice in cognitively demanding situations"

10.35-11.00	E. Rossi

"Learning and using two languages later in life: short and long term neural adaptation"

11.00-11.20 Coffee Break

Session Chair: S. Sulpizio

11.20-11.45	N. Biondo

"Agreement and Tense dissociation: new evidence from adults' sentence processing"

11.45-12.10	V. Brunetto

"Processing clitics outside coargumenthood: implications for binding theory"

12.10-12.35	L. Cilibrasi

"Morphophonological and syntactic processing in bilinguals and in children with reading difficulties"

12.35-14.00 Lunch

Session Chair: M.T. Guasti

14.00-14.25	F. Delogu

"Coercion or surprisal? An investigation into representational vs. expectation-based accounts of processing effort"

June 9th

Session Chair: F. Vespignani

9.45-10.10	L. Pozzan

"Sentence Processing Effects on Language Acquisition: The Case of Negation"

10.10-10.35	L. Rizzi

"Formal linguistic constraints and parsing principles"

10.35-11.00	C. Santolin

"Domain-generality of Grammatical Phrase Structure in Infancy"

11.00-11.20 Coffee Break

Session Chair: TBA

11.20-11.45	S. Sulpizio

"On the Processing of Proper and Common Names: An event-related potential investigation"

11.45-12.10	F. Vespignani

"On the control component of language comprehenison"

12.10-12.35	A. Zucchi

"Conditionals and logical form"

12.35-13 Concluding remarks

13.00-13.30 Business meeting

14.25-14.50   J. Fodor

"Assessing prosodic competence: Doubly center-embedded sentences"

14.50-15.15   M. Garraffa

"Core regions of syntactic processing? A tDCS study on the language network"

15.15-15.35 Coffee Break

Session Chair: C. Clifton
15.35-16.00   E. Kaan

"Prediction, priming, and adaptation in sentence processing"
16.00-16.25   D. Panizza

"All the domains of language (syntax, semantics, pragmatics) do not dance alone"

16.25-16.50   C. Phillips

"Speaking, understanding, and grammar"
